

# E-CLIPS

## Empowered - Core Learning Increased Proficiency Series

E-CLIPS is an active enrichment program addressing the study and acquisition of core proficiency skills. Students participating in this program achieve academic excellence and higher standardized test scores. The focus on consistent effort, reinforcement of effective study habits and a positive role relationship with the assigned teacher – mentor are instrumental to the success. Learners are empowered to achieve academic success.

**E-CLIPS, on line, any time, any where program is the answer you are looking for!**

**Part A** addresses specific methods to increase knowledge skills for grade level proficiency in all areas but will focus on selected, specific skills such as:

1. Fluency in reading, writing and oral literacy
2. Math computation and problem solving

Criteria for need:

- \*Not on level for grade or age
- \*poor progress in recent school grades
- \*working below grade level or scoring below grade level on assessments
- \*difficulty with reading comprehension or math facts
- \*test anxiety or poor test performance

**Integrated studies are needed for the global world community our children will experience.** Utilizing conversation and active project studies, each student will experience a total immersion of topic based critical issues nurturing individual success for adult years.

Examples of activities include fun games and applications for home, school, shopping, cultural communities, travel, personal health and medical services, money, finance, per capita income, job markets, restaurants, theatre and more. In other words, the student will practice and participate in learning typical of the current English/American required levels of skills.

### **SELECT THE PROGRAM OF CHOICE.**

1. **Decide how many direct, teacher led instructional hours you want.**
2. **ADD 2 additional hours of monitored time (i.e. independent skill development through research and project activity) PER Hour of direct instructor led sessions**
  - \*Instructor led, LIVE RealTime is \$60.00 per hour
  - \*Monitored work/project time is \$25.00 per hour

Lessons and learning activities will be age appropriate, individualized, and developed by parent, student and instructor to meet the academic growth needed as defined in the US National Curriculum Standards for No Child Left Behind.

The student will learn to identify and use strategies for success in the subjects scheduled, time management and organizational skills.

Please select courses or and grade levels of completed school year from the course catalogue to identify what level and content the teacher will focus on. All associated skills will be informally assessed for a complete foundation of content based proficiency

## SUMMER APPLICATION

Tuition fee is due at the time of Registration with a \$50.00 Access Registration fee per student. No refunds will be given. Please register and pay online at either website or by phone with credit card:

[Http://www.abcglobaleducation.com](http://www.abcglobaleducation.com)

[Http://www.enrichmentcenters.com](http://www.enrichmentcenters.com)

You may also print and mail a copy of this application form with credit card information and signature to either address. E-Clips is a combined program of partnership between The Enrichment Centers, Inc and ABC Global Education, Inc.
